

My Trip to White Pines State Park

By

2K

I went to the White Pines State Park. I saw the statue of Blackhawk. We climbed to the top of Castle Rock. I rode my bike across the river. It was so slippery I fell down! I had to wear my boots there. We played at the playground. We also played soccer. Then I went to the car to drive home. On the way home, I saw a deer and a rabbit. I wrote my story in the car. My Grandpa and Grandma helped me too!
I had so much fun on my trip!
